

ICBDAIA'25

The International Conference on Big Data
And Artificial Intelligence Applications

Springer

The 4th International Conference on Big Data and Artificial Intelligence Applications (ICBDAIA'25)

02nd - 03th July, 2025

Kenitra, Morocco

Hybrid mode: in-person and virtual

Indexed by Springer

About ICBDAIA'25

The Laboratory for Computer Science Research (LaRI) and the Master of Artificial Intelligence & Cybersecurity (MAICS), part of the Computer Science Department at the Faculty of Science, Ibn Tofail University, are organizing the 4th International Conference on Big Data and Artificial Intelligence Applications (ICBDAIA'25), which is indexed by Springer. The conference is scheduled to take place at the Faculty of Science in Kenitra, Ibn Tofail University, Morocco, on July 02nd and 03rd, 2025. This event follows the success of previous editions held in Kenitra in May 2023, and in Laayoune in November 2023 and 2024, on the occasion of the Green March celebration.

ICBDAIA'25 aims to provide an international platform for exchanging ideas and information on current studies, challenges, applications, research, system developments, and practical experiences in the fields of Big Data and Artificial Intelligence. It focuses on various domains, including the environment, agriculture, energy, medicine, education, economy, industry, and more.
